THE FABRIC

Attention has naturally been concentrated on the New Building, but there are one or two other important matters to report.

The heating system for the New Building is to be serviced by an oil boiler located in the basement of Dockett Building, and pipes are now installed under Friars for that purpose. At the same time, the heating system throughout the old part of the College is being re-planned. Ultimately two boilers will be required, giving a reserve for all requirements that can be foreseen at present.

The roof of the gardener's shed and apple store was found to be in bad condition and has been completely replaced. Opportunity was taken to reorganise the interior, and two new rooms have been provided with entry from the Fitzpatrick Hall staircase. One of these rooms is now reserved for the use of graduate and research students and the other is a quiet room by day and available when required for meetings in the evening.

The Clock Tower was stripped of its paint, and the oak facing was found to be in excellent condition. It has been treated with a transparent varnish, and the hands and weather-vane have been gilded.

Numerous changes have taken place at the back of Friars. There is now accommodation for 130 bicycles, and five new store rooms have been provided.

Queens' rowing during the academic year 1958-59 can be summed up by the expression 'stemming the tide'. In the previous May bumping races we had fallen four places and it was thus necessary to build the club up again. The intake of freshmen produced no brilliant or ready-made oarsmen, but several of considerable promise.

In the Fairbairn Cup race at the end of the Michaelmas term, the First VIII dropped from fourth to tenth position. During the Lent term the crew was carefully coached to row a consistent orthodox style. In the bumping races the First boat was bumped on the first two days and then, improving with every evening's experience, maintained its position on the final two days.

During the Easter vacation we entered for the Putney Head of the River Race, and after an encouraging week's training on the Thames, finished eighteenth having started 248th as a new entry. In the May bumping races the First VIII was bumped on the last day after three very hard rows on the previous days.

Queens' did not row in the 1959 Henley Royal Regatta, as the entries were sent in too late. We apologise for this carelessness and are taking steps this year to ensure that it will not happen again.

Captain: J. A. BARKER
Secretary: J. E. GORDON

Vice-Captain: C. D. COLLINS
Assistant Secretary: P. T. BRASS

We add, as 'stop-press' news, that the Boat Club achieved a record in the Lent Term 1960 by gaining 20 places with the five boats.

RUGBY UNION FOOTBALL

Captain: C. J. VAN DER LANDE
Secretary: P. J. WALSH
Committee Member: E. R. JENKINS

Having been relegated to the Second Division last year, the College was determined to make amends and return to the First Division immediately. The Club was fortunate in having a large influx of freshmen and these, together with a keen and enthusiastic Seniors' membership, laid the foundations for a successful season.

In the Michaelmas Term the First XV played very well after a disastrous start in which the first two league matches were lost to Magdalene and Downing. Recovering from this immediate setback to its hopes of promotion the XV, well led by its captain, C. J. van der Lande, went on to win five and draw two of the remaining seven matches. The side finished runners-up to Sidney Sussex against whom a creditable draw was earned, and thus returned to the First Division. The success was due mainly to the admirable play of a very strong pack which was particularly fast and mobile in the loose. The backs, though not outstanding, played an important part and were consistently reliable in both attack and defence.

The Second XV enjoyed only mixed success in the Third Division, finishing up just below half-way. The Third XV unfortunately were relegated to the Fifth Division. The Queens' XV, now fully revived, had a full fixture list and flourished under the captaincy of G. K. Needham.

In Cuppers, Queens', favoured by a kind draw, continued in successful vein. After beating Corpus 9-3 and Fitzwilliam 5-0 in the first two rounds the side met Sidney in the semi-final. Hopes of winning Cuppers for the first time for many years soared—but in vain. After a closely-fought struggle the game ended in a draw (3-3), and in the re-play Sidney ran away in the last ten minutes to win 15-5.

At Easter the College again toured Devon and played matches against R.N.E.C. Manodon, Brixham, Crediton and Newton Abbott.

C. J. van der Lande, J. W. McLellan, B. D. O. Smith and A. D. B. Webster played occasional games for the LX Club.

ASSOCIATION FOOTBALL

The First XI began the Michaelmas Term very well, but owing to a large number of injuries in November, all hopes we had of winning the League were dashed. However, we ended the season sixth in the League. In the Lent Term we were unable to continue our recent successes in Cuppers. We met Caius in the first round.

The Second XI did not have a very successful season, being relegated to the Fourth Division. The main reason for this was a shortage of experienced players, but this lack of success did not detract from the enjoyment of all who played.

In the Lent Term J. D. Brett represented the University and captained the Falcons. D. J. Rix was awarded his Falcon Colours and D. S. Mace played for them once.

The Queens' League Hockey side in the season 1958-59 had a distinguished start but was halted suddenly by defeat in the game with St John's. They dropped few other points, and came fourth. The second team lost their possibly powerful chance to move out of the Second League, but played very creditably from time to time.

In Cuppers Bye Round and First Round the full side played two extremely enjoyable games against Trinity and Emmanuel; needing extra time in the first case but becoming a more effective striking force in the following round. Against St John's in the semi-final this promise broke into fragments.

The Easter Tour at Folkestone was distinctly successful, especially on the field, where the necessary reserves fitted in well.

J. F. Cunningham returned to outside left in the University side against Oxford at Edgbaston. O. Johnson played for the Wanderers versus the Oxford Occasionals and D. J. Buckton, C. J. Hawthorn and R. Aldred were also elected during the season.

It is worthy of addition that we won the University Cuppers in 1960.

CRICKET

Captain: J. M. CARTWRIGHT

Secretary: P. D. COWELL

The College once again had a successful season. We won eight games, losing only three and drawing one. These results were largely due to a promising crop of freshmen, of whom next year's secretary, Price, was outstanding.

This was to be the last year of athletics at Fenners and on initial showing it seemed that the College should acquit itself well in the Inter-College events.

During the Michaelmas term, the College team was third in the Inter-College Field Events, but only just avoided relegation in the relays by finishing seventh out of nine. Individual achievements were brighter: four freshmen were selected to compete in the freshmen's match against Oxford; two members of the College competed in the Inter-Varsity Relays Match, and four in the corresponding Field Events Match.

Lent term competitions were limited to Cuppers and C.U.A.C. sports. Because of injuries we were relegated to the Second Division in a year when we might have been near the top. Individual achievements show that the College did not lack talent: M. C. Robinson, R. G. Reynolds and J. R. H. Sale were selected to compete in the University Match in the Hurdles, Shot and Javelin respectively. At the last meeting at Fenners, J. R. H. Sale set up a new undergraduate record by throwing the Javelin 205 ft. 10 in. He was selected for the Great Britain 'B' Team *v.* Norway, and the England Team *v.* East Germany. M. C. Robinson was elected President of the C.U.A.C. and was also selected for the Great Britain Team *v.* Norway.

Captain: R. J. LINDSAY

Committee Member: J. L. RAMSDEN

The First VI had a very successful season, winning their league and thus earning promotion to the First League after an absence of three seasons.

In the Cuppers competition Queens' reached the semi-final through a bye in the first round and wins over Ridley and St Catharine's, before losing 4-5 in a close match with Downing, the eventual winners.

D. L. Webster was once again selected to play for the Grasshoppers *v.* Oxford University Penguins, and A. J. Arlidge and W. Hogbin also played during the season.

RUGBY FIVES

Captain: M. GRUNDY

Unfortunately the season was a lean one in that only four members of the College played at all regularly. However these four, M. D. Grundy, P. R. Mitton, M. W. McLellan, and M. G. Robinson, managed to get enough practice to build up quite a reasonable College team, which acquitted itself without disgrace in the Cuppers. In the first round they defeated Christ's, but in the second were unlucky to lose to Clare by the narrow margin of three points.

P. R. Mitton and M. G. Robinson were both asked to join the Hell Fire Fives Club, while the former played on occasions for the C.U. Sparrows.

It is to be hoped that next year there will be a far greater number of players.

1959-60

Captain: P. R. MITTON

Secretary: M. G. ROBINSON

ETON FIVES

Captain: C. D. B. POTTER

Secretary: J. M. SWALES

Thanks to the initiative of last year's President, Potter, there has been a considerable revival of interest in Eton Fives. Members of Queens' could be seen playing on most afternoons during the last two terms, often under the suzerainty of G. J. Elliot. With the advent of several talented freshmen the standard of play has been so raised that the College stands a reasonable chance of winning the proposed Cuppers competition.

SWIMMING

Captain: M. D. GRUNDY

Secretary: M. W. H. PRETTEJOHN

The Club was blessed with a strong intake of freshmen and the season's record was a good one. In Water-Polo Cuppers we were just beaten in the first round by St Catharine's College. But we won the Free-style Relay easily in a very good time and came second in the Medley Relay, just failing to bring off the double. L. Durr, a freshman, swam extremely well all season and was invited to swim for the University against Oxford, having broken the previous University Backstroke record no fewer than four times during the year. He has also been appointed Captain of the University Water-Polo team for the coming year. M. D. Grundy was again invited to swim free-style for the University against Oxford.

SQUASH RACQUETS

Captain: D. I. SHAW

Secretary: P. F. DALE

There are a considerable number of squash players in the College, and consequently it is not at all difficult to have three teams playing in the League matches. Unfortunately the First V failed to remain in the Second Division and was relegated.

J. L. Ramsden, who was last year's University secretary, is to be congratulated on being the first recipient of a Full Blue for Squash racquets.

We reached the second round of Cuppers, having beaten Corpus Christi, and then lost to Trinity 3-2.

This year's teams are stronger and the First V should certainly be promoted, even though the fate of the other two teams is still in the balance.

1959-60

Captain: P. F. DALE

Secretary: C. M. PARSONS

RIFLE CLUB

Captain: J. W. HOWARD

The Club competed in three inter-college matches during the year. A team of four, consisting of J. W. Howard (captain), A. R. I. Cruickshank, J. O. Kennedy and R. J. S. Bates, shot in the full-bore match, the London Scottish Cup, which was in the form of a knock-out competition. The team reached the final against Trinity, and tied with them. However, we were unfortunately beaten in the re-shoot.

In the inter-college revolver match, for the Waldegrave Vase, the College pair, C. T. S. Belk and R. J. S. Bates, came second. C. T. S. Belk came fourth in the individual match, the Victory Bowl.

The Club entered two pairs, C. T. S. Belk and A. R. I. Cruickshank (first pair) and J. W. Howard and R. J. S. Bates (second pair) in the small-bore match. Unfortunately, the precise results of this match are not available.

By far the most successful member of the Club during the year

was C. T. S. Belk, whose most outstanding performance was coming fourth in the Queen's Prize, and being selected to shoot for England in the Elcho International Match Rifle match. In this match he was the second highest scorer. Belk also captained Cambridge in the Oxford and Cambridge S.B.R. match, the Chancellors' Plate, and shot in the Oxford and Cambridge Match Rifle match, the Humphrey Cup.

1959-60

Captain: R. J. S. BATES

CHESS

President: D. G. ROWSELL

Secretary: R. H. GOODALL

Unlike the members of most University Clubs, those who play chess for the University are not thereby debarred from playing for their College. This is not wholly without disadvantage, however, as it means that the strongest players get rather too much chess. So the policy of the Queens' Chess Club has been to 'blood' our freshmen in the Cambridge and District Chess League, reserving our strongest players for Cuppers matches. This policy has proved most successful for we won the Second Division of the League outright and without difficulty, losing only one match. We finished third in the final Cuppers pool behind Trinity and Selwyn. We had the great satisfaction of beating Trinity in our individual match, but our Lent Term results rarely lived up to the promise indicated in the Michaelmas Term.

R. C. Kennedy again represented the University against Oxford, and in the Summer represented Ireland in top board in the World Junior International Team Tournament in Budapest. In this tournament he beat Gurgedinze, the Russian International Master in a superb game, which has since become internationally famous. P. J. Meade, now Secretary of the University Chess Club, also played in the match against Oxford, a just appreciation of his very thorough and steady play. R. H. Goodall played in the match between Cambridge Dragons and Oxford Unicorns.

TABLE TENNIS

Captain: D. F. WHEATLEY

Secretary: M. D. GRUNDY

With two of the previous year's First team still up and J. M. Swales coming up from the Second team to fill the final place, the team had a most successful season, coming third in the First Division and getting into the final of Cuppers, where we were narrowly beaten by Downing. The Second team was promoted and so we are now in the strong position of having two teams in the First Division of the League.

D. F. Wheatley, the Captain, represented the University periodically throughout the season and finally played for the University Second team against Oxford.

1959-60

Captain: M. D. GRUNDY

Secretary: M. M. CROSSE

BADMINTON

Captain: D. R. CANDLIN

Secretary: M. R. ETHERIDGE

The Queens' College Badminton team, captained by D. R. Candlin, in the season 1958-59, had to be re-built, having lost a No. 1 player—A. Robinson—at the end of the first term. Equipped, nevertheless, with two teams and under the lead of the Captain, Queens' fought gallantly to retain its position. Though numbers of the Badminton Club were restricted to fifteen, turn-outs for practices were extremely good. Towards the end of the season, a new team—well equipped in both foot- and wrist-work—could be favourably compared with the team that began the season. It was unfortunate that both Queens' teams were in the Third Division, but with a more experienced team and fresh infusion next season, it is to be hoped that the Queens' teams will struggle up the ladder.

By the end of the season the following had obtained their College Half Colours: M. R. Etheridge, J. Sale, A. Armstrong, P. Martin, B. Trecharne and R. S. Mehta.

1959-60

Captain: M. R. ETHERIDGE

Secretary: R. S. MEHTA

GOLF

Captain: P. H. BURLEIGH

Secretary: G. D. B. HARKNESS

During 1958-59 J. Chiene was awarded a Golf blue, and J. W. Norman played for the Stymies on a few occasions.

During the Michaelmas Term a knock-out competition was played. This attracted 20 entries and was finally won by G. D. B. Harkness (7) who beat N. H. W. Lee (18) by 2-1 in the final.

An away match was played against Royston Golf Club on a Sunday during the Michaelmas Term. The match consisted of foursomes in the morning and singles in the afternoon with ten players on each side. Unfortunately they were a much stronger side and won by $10\frac{1}{2}$ matches to $4\frac{1}{2}$.

During the Lent Term a match was played against St Ives Golf Club. This was played as four-balls, with each side having four pairs. The match was lost by 3 games to 1.

A match was also arranged with New College, Oxford, for the Easter Term but this unfortunately had to be cancelled. J. Chiene and J. W. Norman played in the Welsh Cup.

Full Colours:

P. H. Burleigh

G. D. B. Harkness

G. G. Ford

C. D. B. Potter

No new Full Colours were awarded during this season.

Half Colours were awarded to:

J. W. Norman

D. A. Warmington

N. H. W. Lee

D. I. B. Hoare

It was encouraging to find so many people in the College playing golf but unfortunately there was a lack of freshmen golfers.

ST BERNARD SOCIETY

President: C. J. GRAMMER

Vice-President: M. JOSEPH

Secretary: N. JOSEPH

Six debates and four discussions were held during the year, and attendance at the debates was sometimes as high as fifty members, rarely falling below thirty. This considerable increase on previous years was due in part to a vigorous publicity campaign for the benefit of freshmen, and also to an attractive programme of activities. Visiting speakers during the year included: Dr Clive Parry, Mr Alan Barker, Dr E. A. Maxwell, Mr C. S. Deakin, John Cockcroft (President of the Union Society), the Hon. J. P. F. St L. Grenfell and John Mott (Vice-Presidents of the Union Society), Brian Walsh, Brian Lapping and Leon Brittan (Committee Members of the Union Society), A. A. Stowell (President of the Liberal Club), and Martin Page (Editor of *Varsity*). At the dinner held at the end of the Lent Term, the President of Queens' was the chief guest. Disappointing features of the year were the relative lack of interest of third-year members of the College, and (perhaps related to this) the almost complete lack of representation of the Society (and therefore of the College) in the activities of the Union Society. Nevertheless the year was in many ways an encouraging and enjoyable one, and the considerable increase in attendance at debates was of itself an incentive to a higher standard of speaking.

ST MARGARET SOCIETY

President: DR CHADWICK *Vice-President:* M. R. SMITH
Secretary: R. F. HATCH

Since the last report not only has the University lost an eminent theologian but the St Margaret Society has lost a beloved President in Doctor, now Professor, Chadwick. We very much appreciate all the kind interest and help with which Dr Chadwick has encouraged the Society for many years, and hope that both he and his family will be very happy in Oxford. Nevertheless we are very glad to be able to welcome Dr Maxwell as our new President; music and mathematics have always mixed well.

Throughout the year the St Margaret Society Singers have met each week and provided songs for all our concerts. During the Michaelmas and Lent Terms our weekly Organ Recitals by organists from the University have continued; and at irregular intervals Tuesday evening informal concerts, even smoking concerts, have taken place. At the main concerts in Michaelmas Term the College Chorus gave a performance of Bach's *Sleepers Wake* and part of the *Christmas Oratorio*, and in the Lent Term we sang Fauré's Requiem.

At the May Week Concert, Stephen Goldby gave an excellent performance of Mozart's Clarinet Quintet and the Chorus sang two 'Tudor Portraits' by Vaughan Williams. In the larger University sphere Stephen Goldby, in the Michaelmas Term, gave a programme to the C.U.M.C. which included a set of Slovak folk-songs by Bartok performed by the St Margaret Singers.

'THE BATS'

President: R. H. C. LINDLEY

Vice-President: R. L. BROWN

Secretary: A. J. ARLIDGE

Junior Treasurer: N. FARROW

Committee Members: M. WILLIAMS, F. M. WIGFIELD

Stage Director: M. KLABER

Musical Director: DR J. W. L. BEAMENT

Senior Treasurer: DR E. A. MAXWELL

1958-59 proved a most successful year for the 'Bats'. In the Lent Term Richard Lindley produced *The Ascent of F 6* by Christopher

Isherwood and W. H. Auden. The presentation of this rarely performed play, typifying the attitudes of the pre-war generation, aroused great interest in the University and the production received considerable critical acclaim in undergraduate journals, Martin Caven receiving high praise for his performance as Michael Ransom.

The Lent Term revue in the hands of Roger Brown gave scope for talent tried and new, and sustained the high reputation of the 'Bats' for the musical revue. Freshman Nigel Farrow contributed some interesting new material.

The May Week production of *Much Ado About Nothing* broke all records. Fine weather drew large audiences and over 1500 people came to the four performances, with 468 crammed into Cloister Court on the last night. Frank Bechhofer's production moved with speed and vigour with some interesting lighting effects. With the benefit of experience in the Marlowe Society behind him, the producer drew some strong acting from a large cast, including Martin Caven as Benedick, Jill Daltry (who trained with the Bristol Old Vic) as Beatrice and Tony Arlidge as Dogberry.

MALLETS CLUB

Master of the Queens' Mallets: G. G. FORD

This summer croquet was one of the most popular pastimes, and many members of the College appeared more enthusiastic over it than their examiners might have desired. The equipment was in constant use and it was reported that so ardent were two players that they continued throughout the night.

The lawn survived the long dry summer, and is expected to be in good condition for even greater use next year.

LACROSSE

The club played against Homerton and Christ's College in the Michaelmas Term, and lost both matches. A team was entered for the six-a-side Cuppers in March, but lost to St John's College

in the first round, so relinquishing the inter-college Lacrosse Cup which had been held by the Club for the previous three years.

J. A. Eddy, an old Half Blue, played for the University against Oxford for the third year in succession.

CROSS-COUNTRY RUNNING

A great deal was done to redeem the College's standing in this sport. The team gained promotion to the First Division of the Inter-College League. The College finished eighth in the Cuppers competition, despite injuries.

Two members of the College ran at various times for the University third team, but our only representative against Oxford was R. A. T. Alma, who ran for the fourth team.

QUEENS' COLLEGE PUNTS

Commodore of the Queens' Punts: R. S. VINER

In the second year of their existence the College Punts, thanks to the fine weather, had a very successful season. So satisfactory, indeed, was the financial situation at the end of the season, that, despite the purchase of a most expensive set of cushions for each punt, there is only a matter of £6 owing to the College Account for the initial capital fund.

It is hoped and expected that at the end of the coming season there will be a substantial sum towards the capital accumulation fund for the eventual purchase of new punts.

DINNER IN THE NORTH-WEST

The ninth Annual Dinner for Queens' men in the North-West was held at the Blossoms Hotel, Chester, on 15 April 1959, and was attended by thirty-nine members of the College. The Bishop of Warrington presided, and the chief guest was Mr Hagenbuch, Senior Tutor.

The next Dinner will be held at the Lymm Hotel, near Warrington, on 29 April, when we hope that the chief guest will be Mr Deakin, the Junior Bursar.

THE MAY BALL, 1959

Organizing Committee: MR W. HAGENBUCH, MR P. MATHIAS, DR J. E. BALDWIN, G. T. HANCOCK, R. G. REYNOLDS, P. J. WALSH, M. H. A GIBBES, I. G. PARK, J. F. CUNNINGHAM, R. I. COOPER-DRIVER.

The 1959 May Ball was held in the grounds of the College on 16 June. More than three hundred couples (a greater number than ever before) were able to dance to Bill Savill's orchestra in the large marquee erected in the Fellows' Garden, or to the University Jazz Band in the Fitzpatrick Hall, or to the Gipsy Serenaders in the Grove.

The beauty of the College was displayed to the full with tasteful decoration, superb floral displays and most effective lighting, all centred upon the Hall, where a truly magnificent buffet was provided.

Julian and Adrian Slade sang together in a Cabaret that was exactly the right mixture of sophistication, wit and nostalgia.

The Staff of the College gave of their best, and the organizing Committee felt that much of the success of the Ball was due to their efforts.
